

ITIL® Create, Deliver and Support (CDS)

Duration: 4 days | The exam voucher is included in the training's price.

COURSE DESCRIPTION

The ITIL® 4 Specialist: Create, Deliver and Support module is part of the Managing Professional stream for ITIL 4 and participants need to pass the related certification exam for working towards the Managing Professional (MP) designation. The ITIL® 4 Specialist: Create, Deliver and Support module focuses on the integration of different value streams and activities to create, deliver and support IT-enabled products and services whilst also covering supporting practices, methods, and tools.

The ITIL® 4 Specialist: Create, Deliver and Support course is a 4-days course based on the ITIL® 4 Specialist: Create, Deliver and Support exam specification from AXELOS. With the help of ITIL® 4 concepts and terminology, exercises, and examples included in the course, you will acquire relevant knowledge to pass the ITIL® 4 Specialist: Create, Deliver, and Support certification exam.

COURSE OBJECTIVE

The learning objectives of the course are based on the following learning outcomes of the ITIL® 4 Specialist: Create, Deliver and Support exam specification:

- Understand how to plan and build a service value stream to create, deliver, and support services
- Know how relevant ITIL practices contribute to the creation, delivery and support across the SVS and value streams
- Know how to create, deliver and support services
